Metz Blaze series is inspired by traditional stained oak flooring. Blaze combines the warmth of natural oak wood with the technical benefits of porcelain tiles. Ideal for situations where heavy traffic, moisture and food or beverage spillages are likely, that may cause problems for timber floors. Commercial traffic, bathrooms, dining areas, residences with pets and outdoor areas are perfect for Metz Blaze.

Blaze brings traditional wood flooring up to date, in a product that won't rot, warp, split, stain or be eaten by termites!
