Sculpt Statuario

Metz Sculpt embodies the elegance of natural marble with beautiful colour variations and veining characteristics. Sculpt is available in large slab formats of 2400 x 1200, 1200 x 1200 and 750 x 1500 as well as the traditional tile format of 600 x 600. Advanced porcelain production techniques provide a tile with all the character and elegance of natural stone without the maintenance issues.

Sculpt can also be produced in Metz NanoGRIP® and MicroGRIP® slip resistant finishes with minimal visual difference to the plain surface. Minimum production quantities will apply, please consult your Metz representative.

Lappato (semi-polished) finish is also available in most colours by importation to order.
