

 METZ®

**STRADALE**

Stradale Dark  
The Peakhurst, Sydney

Stradale Clay  
Redland Bay Hotel, QLD

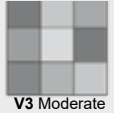

Metz Stradale provides an authentic ground concrete look. It features significant areas with the appearance of aggregates and cement rich sections which are subtly present to provide the perfect balance of interest and character, that allows other building elements to shine.

The 3 simple hues make Stradale the ideal foundation for a stunning interior design.

**MicroGRIP®** provides high slip resistant performance for demanding commercial traffic areas, external paths and ramps. The flat mild textured surface of the MicroGRIP® finish provides the ideal balance between long term sustainable slip resistance and ease of cleaning.

All colours and formats in Metz Stradale can be produced in the MicroGRIP® surface, however minimum quantities may apply for other than the items shown.
