

ESCARPMENT

Escarpment Sandstone

METZ®

METZ ESCARPMENT brings together the charm of traditional sandstone and the technical excellence of porcelain stoneware. The greystone version provides an interesting compliment or an alternative to other greys with elements of the sandy tones coming through.

ESCARPMENT STRUCTURED GRIP

SLIP RESISTANCE // HIGH / R12 / P5 / C

300 x 600

Sandstone, Greystone

Structured Grip provides high slip resistant performance for demanding commercial traffic areas, external paths and ramps. The finish features a structured profile similar to natural hewn stone, overlaid with a grip finish.

Finish Type	Oil Ramp	Barefoot Ramp	Pendulum	AWT [500 cycles] Typical
Structured Grip	R12	C	P5	30 - 55+ [Good]

Note: Items with a "-" are not expected to achieve any substantial level of slip resistance under that test method. Items marked as "Not Tested" have not been measured by that particular test method.
